What do you hope the Staff Senate accomplishes and why are you a Senator?

I am a Senator because I want to disseminate information to and be an advocate for the greater LSU Health Sciences New Orleans workforce. My desire for the Staff Senate is that it serves as a megaphone for staff to amplify our collective voice when addressing administration, as well as ensure that we are always considered when changes are discussed and decisions are made.

Why do you enjoy working at LSUHSC?

While I appreciate the nature of my work in the nucleus of LSU Health Sciences New Orleans, what I most enjoy is working with the team in the Registrar's Office. They are a group of hardworking, dynamic, and good-humored people that make coming to work a delight.
