What do you hope the Staff Senate accomplishes and why are you a Senator?

As a Staff Senate, my goal is to promote transparency across the campus and ensure that every employee – both classified and unclassified – has a voice in the decision-making process. Every opinion matters and should be considered thoughtfully. In all decisions, I strive to uphold the rules and regulations established by LSU Health Sciences Center. My commitment as a senator is to help maintain a positive and supportive work environment where employees feel valued and motivated to come to work each day, fostering a culture that lasts throughout their careers.

Why do you enjoy working at LSUHSC?

Working at LSU Health Sciences Center has given me a strong sense of community and belonging. From the beginning, I was welcomed by colleagues who were eager to share their knowledge and support my growth. This collaborative and family-like atmosphere makes it easy to seek guidance and share information across the university.
